Swash 900 / 1000

With premium features at an amazing price, the Swash 900 offers endless warm water washes, adjustable stainless steel nozzles, a heated seat, spray width adjustability, eco-mode and more; all controlled by wireless remote control. The ultimate in comfort and hygiene, the Swash 1000 adds a deodorizer, warm air dryer, nozzle oscillation and nozzle sterilization.

Swash 300

The Swash 300 offers all the essential features of an advanced bidet seat at an entry level price. The warm water washes, heated slow closing seat and easy to use remote control make for a healthy, clean family. Simple to install, simple to use, you'll want one in every bathroom.

Swash Ecoset 100

The Ecoset's innovative design provides a more refreshing and hygienic bathroom experience. Powered solely on water pressure, the Ecoset 100 features an aerated posterior and feminine wash with convenient ergonomic controls. A sterilizing water filter and self-cleaning nozzles complete your hygienic experience.

Swash®
advanced bidet seats

a better bathroom experience

"My wife and I ordered a Swash for our master bath. We didn't tell our six-year-old twins about it but in no time we were waiting in line for our own bathroom!"

— Rocky Raynor & Family, Half Moon Bay, CA.

- Best customer service and warranties in the market

Benefits of the Swash

"Washing with water is much more hygienic than dry toilet paper. My patients find the Swash comfortable and easy to use."

— Deborah Levich, MD, MBA

For a Healthy Family

Water is the best way to clean just about anything. We use it to wash our bodies because it is effective and leaves us feeling refreshed. The Swash delivers a cleansing water wash at the push of a button. The hygienic benefits of the Swash can be enjoyed by anyone, male or female, from children to the elderly.

Independence for Seniors

Loss of mobility as we age can be frustrating and make it difficult to perform everyday bathroom routines. Personal cleaning with the Swash reduces reliance on caregivers and restores dignity and independence in the bathroom.

Benefits for Women

Pregnant, menstruating, and sexually active women especially love the feminine wash feature, leaving them clean & rejuvenated after each use.

Relief from Medical Conditions

Millions of Americans suffer from arthritis, hemorrhoids, IBS, incontinence, and Crohn's disease. The Swash enables those living with these conditions to regain comfort in the bathroom by providing complete yet gentle posterior and feminine cleansing.

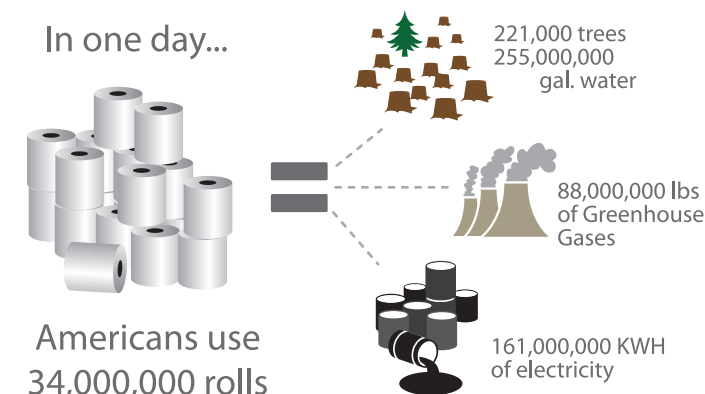

What's all the fuss over a little toilet paper?

Saving Our Natural Resources

Americans use over 3.2 million tons of toilet paper annually. Having a Brondell Swash in your home reduces toilet paper consumption by 75-100% via the effective cleansing of the water wash and optional air dryer.
